

## Telephone Interface Quick Start Guide:

- 1 Press **\*33** from your home/office phone.
- 2 Enter your default **PIN number**.
- 3 Follow the voice prompts to navigate the functions.

## Online Interface Quick Start Guide:

- 1 Visit [www.rsfiber.coop/VM2-Go](http://www.rsfiber.coop/VM2-Go) to access VM2-Go, your online voicemail management portal.
- 2 Log in by entering your **10-digit phone number** and **online web password**.\*
- 3 Access and manage your voicemail and calling features online.

## VM2-Go Instructions:

Never miss another important call. RS Fiber VM2-Go takes your messages anytime you can't answer the phone. The best part is you can access your messages from anywhere!

VM2-Go, a feature-rich system, allows you to access your messages via a telephone interface, voicemail to email, or listen and manage online.

*\*Your online web password and telephone PIN number will be different. For security purposes, the online portal will prompt for your password to be changed every 180 days. If you have not accessed your online account in excess of 180 days, and need assistance with your password, please call Technical Support at (800) 628-1754.*

### Telephone Interface Instructions:

#### Set up Tutorial

1. Press **\*33** from the telephone handset where your Voicemail is activated.
2. You will be prompted to assign a PIN number for your account followed by pressing the **#** key.
3. Follow the setup tutorial to complete your Voicemail setup.

*- You must complete the entire tutorial for your changes to take effect. If you forget your PIN or need assistance with setup and operation of your mailbox, please contact Technical Support at (800) 628-1754.*

#### Managing Settings and Greetings Where your Voicemail is Activated

1. Press **\*33** from the telephone handset where your Voicemail is activated.
2. You will be prompted to enter your PIN number for your account followed by pressing the **#** key.
3. Follow the voice prompts to navigate the functions.

#### Managing Settings and Greetings from Another Location

1. To get started, dial **(320) 331-3733** in Brownton, **(320) 389-0000** in Buffalo Lake, **(507) 596-1000** in Fairfax, **(507) 702-7049** in Gaylord, **(507) 834-7049** in Gibbon, **(507) 570-7049** in Green Isle, **(507) 543-7049** in Lafayette, **(320) 510-7049** in New Auburn, **(320) 446-4715** in Stewart, or **(507) 614-7049** in Winthrop.
2. Enter your telephone number with area code followed by the **#** key.
3. Enter your PIN number and press the **#** key.
4. Follow the voice prompts to navigate the functions.

Version 7.1

## Online Interface Instructions:

- To use the online interface, you must first set up your Voicemail PIN through the telephone interface. To set up your Voicemail PIN number, see page 1 of this document.

### Log in to VM2-Go

1. Visit [www.rsfiber.coop/vm2-go](http://www.rsfiber.coop/vm2-go) to access VM2-Go.
2. Enter your **10-digit phone number** (including your area code), type in your **Password**, and click **Login**. (Fig. 1)

Phone Number/Password Fig. 1

### VM2-Go Dashboard

#### Messages

Displays the number of messages in your mailbox. (Fig. 2)

#### Missed Calls

Displays a list of calls not answered on the line. (Fig. 2)

#### Contacts

Displays a list of your contacts. The **Search for...** field allows you to look up a contact by name, organization name, phone number, or address. (Fig. 2)

#### Settings

Displays call forwarding and redirect settings. (Fig. 2)

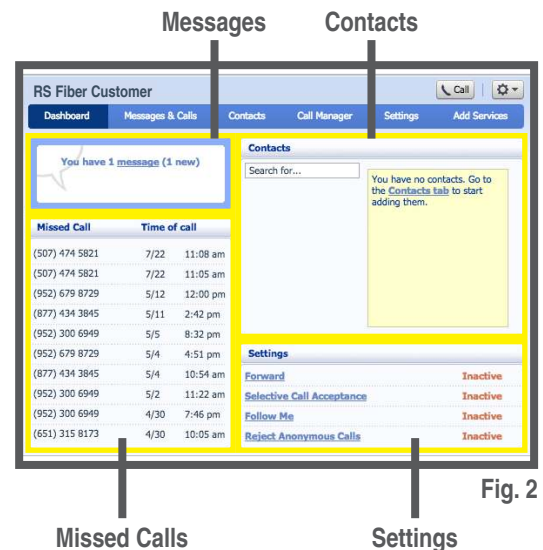

Fig. 2

### Messages and Calls

#### Messages

Displays a list of voicemail messages in your mailbox. Listen to your message(s) by clicking the **Play** button located to the left of each message. A dialog box appears. You have the option to **Play**, **Pause**, **Adjust Sound**, **Delete**, **Forward and Save**, **Go to Previous** or **Next** message, or **Close** the dialog box. (Fig. 3)

#### Missed

Displays a list and number of missed calls.

#### Dialed

Displays a list and number of the dialed calls.

#### Received

Displays a list and the number of received calls.

#### Deleted

Displays a list of deleted voicemail messages.

Fig. 3

## Online Interface Instructions, Continued:

### Contacts

#### Contact List

Displays a list of your contacts. The **Search for...** field allows you to look up a contact by name, organization name, phone number, or address. Add a **New Contact**, **New Group**, or **Import** contacts by clicking the respective buttons. (Fig. 4)

#### Speed Dials

Makes dialing faster by allowing you to assign a one or two-digit code to speed dial different telephone numbers. One-digit codes can range from 2-9. Two-digit codes can range from 20-49. **Clear List** removes assigned speed dial numbers.

Fig. 4

### Call Manager

#### Summary

Provides a summary of your configured services.

#### Forwarding

Allows you to change forwarding options for calls. (Fig. 5)

##### Immediately

Forwards calls to an assigned number.

##### Selected Callers

Forwards calls to an assigned number only if they are on a list of specified callers.

##### Forwarding Destinations

Allows you to create predetermined numbers and assign them a label.

#### Follow Me\*

Allows you to forward calls you receive to your other phone numbers, either in sequence or at the same time. (Fig. 6)

#### SimRing\*

Allows you to setup calls to simultaneously ring a number of phone numbers. (Fig. 7)

#### Screening

Allows you to control settings for screening incoming calls.

##### Selective Acceptance

Allows you to accept incoming calls only from selected callers.

##### Selective Rejection

Allows you to reject specific incoming call numbers. The caller is informed that you are not accepting calls from them.

##### Anonymous Rejection

Allows you to reject any anonymous calls.

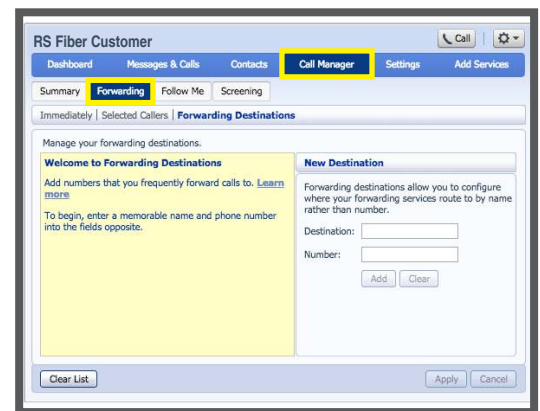

Fig. 5

Fig. 6

Fig. 7

*\*Follow Me and SimRing are features that you must subscribe to and will have a monthly recurring charge. You can only have one of the features at a time. Your online portal will appear as shown in Fig. 6 if you subscribe to Follow Me service, and Fig. 7 if you subscribe to SimRing service.*

## Online Interface Instructions, Continued:

### Settings

#### Account

Allows you to edit personal details and manage your account password, call services PIN, and Voicemail PIN. (Fig. 8)

#### Calls

Allows you to manage Call Forwarding and Call Blocking preferences.

#### Messages

Allows you to manage general messaging, mailbox, and voicemail greeting preferences. (Fig. 9)

#### Account Codes

Allows you to manage which types of phone numbers require a code before dialing.

#### Notifications

Allows you to manage notifications of incoming messages on your phone.

#### MWI (Message Waiting Indicator)

Determines when the light on your phone and stutter tone on pickup will be enabled. The system defaults to **all voicemail**.

#### Email

Allows you to send a voicemail or fax message(s) to one or more email accounts.

#### Pager

Allows you to send out a page to your pager when you receive a new voicemail.

#### Outdial

Calls a specific number when you get a voicemail.

#### Override

Will override your settings for **Pager** or **Outdial** based on a schedule.
